Shern Ning Tan
Address: 5, SS23/19B, Taman Sea, 47400, Petaling Jaya, Selangor
Contact No.: +6012 302 5672
E-mail: sherningtan@gmail.com
Date of Birth: 18/04/1993

Professional Summary

An autonomous Front-End Developer with a background in Finance and Business Directorship. Expert in React and Next.js, specializing in high traffic media platforms and complex system migrations. Passionate about building resilient, testable React architecture that prioritizes data integrity and efficient re-rendering cycles. Proven ability to operate in 'no manager' environments, taking full ownership of project lifecycles, from large scale Strapi migrations (v3 to v5) to optimizing cloud infrastructure for global scalability.

Technical Skills

- **Expert React:** Custom Hooks, Context API, Data Caching and Performance Optimization.
- **Testing & Security:** Unit Testing (Jest, React Testing Library), focusing on edge case user interactions and secure API consumption.
- **Cloud & Infrastructure:** AWS (EC2, S3, CloudFront, CloudSearch), Vercel and CI/CD.
- **Media & Native APIs:** Global live stream/podcast player integration, native web APIs (Localstorage, Event listeners), ad-tech implementation and cross browser compatibility.
- **State & Data:** RESTful API integration, Strapi (Legacy Migration), Firebase and Webhooks.
- **Design & UI:** Tailwind CSS, SCSS, Responsive component architecture and Figma

---

Professional Experience

BFM 89.9 | Front End Developer
October 2023 – Present

- **High Traffic Architecture:** Spearheaded the complete redesign and redevelopment of BFM 89.9 platform, managing high concurrency features including a site wide live stream and podcast delivery system.
- **Legacy System Migration:** Led a complex full scale backend migration from Strapi 3 to Strapi 5, re-architecting data schemas and ensuring API continuity for the front end.
- **Advanced Data Strategy:** Implemented sophisticated client-side caching strategies to handle high frequency podcast metadata updates while reducing unnecessary API overhead by 40%.
- **Performance Engineering:** Built responsive applications using Next.js and React, implementing custom hooks and memorization to ensure efficient re-rendering cycles for data heavy UIs.
- **Cloud Infrastructure:** Integrated and managed AWS services (EC2, S3, Cloudfront, CloudSearch) to optimize asset delivery, search performance and backend scalability for millions of listeners.
- **API Mastery:** Developed a robust API integration framework that streamlines data flow, site-wide audio playback states and persistent user preferences.
- **Ad-Tech & UI/UX:** Deployed maintainable UI components using Tailwind CSS and SCSS while managing dynamic ad-insertion logic across the platform.
- **Workflow Ownership:** Maintained code reliability by implementing test suites targeting complex user interaction edge-cases and managed version control and deployed via Github, Gitlab and Vercel, ensuring seamless project delivery in an autonomous environment.

ENVO Global Trading Sdn Bhd | Director
April 2017 – December 2025

- **Strategic Autonomy:** Direct the company's strategic planning, management and business development efforts without traditional oversight.
- **Corporate Growth:** Founded a company specializing in biodegradable products, successfully scaling a diverse client base including hypermarkets, pharmacies, convenient stores.
- **Executive Negotiation:** Conduct high level negotiations with CEOs and executives to drive business growth.

Affin Hwang Investment Bank Berhad | Securities Trader
August 2016 – April 2017

- **High Pressure Execution:** Executed stock trades and developed adaptable strategies in dynamic and high pressure environments.

Education

Meta Front End Developer Professional Certification | Coursera

September 2022 – April 2023

- **Specialized Modules:** Advanced React, Programming with JavaScript, Version Control and UI/UX Design

BA (Hons) Accounting & Finance | University of the West of England, Bristol, UK
September 2013 – June 2015

- **Grade:** 2:1
- Corporate Finance, Market Analysis, Tax Planning, International Financial Management, Credit Risk Analysis, Advanced Management Accounting.

Languages

- **English, Mandarin, Bahasa Malaysia, Hokkien, Cantonese:** Fluent

---

Involvement & Interests

- **Professional Leadership & Engagements:**
  - Strategic Dialogue: Participated in high-level government meetings and strategic dialogues with CEOs from publicly listed companies and institutions like FRIM.
  - Independent Initiatives: actively engages in professional networking and industry-shaping discussions, demonstrating the ability to represent an organization at the highest executive levels.
- **Community Leadership:**
  - Music director: Serve as the Music Director and lead guitarist for a local church worship team, managing rehearsals and coordinating live performances.
  - Team Coordination: Responsible for group dynamics and real-time creative execution.
- **Technical Curiosity & Hobbies**
  - Hardware Tinkering: Passionate about hardware engineering, enjoy disassembling and reassembling technology to understand the underlying mechanical and electronic architectures.
  - Active Lifestyle: Competitive Pickleball enthusiast, valuing discipline, quick strategic thinking and physical health.
